SLIGHT BLAZE.

At 1:10 o'clock, on Thursday morning, an alarm from box 34 called the department to the old bath house, corner of Broadway and Wilkinson streets, where a box of hot ashes on a back porch, had set fire to the side of the house. It was quickly extinguished with small loss. It seems some people will never learn that hot ashes will burn wood.

ETHICS OF EDUCATION.

Fourth Paper.

The steadily growing confidence of the most reliable portion of the great American people, in the progress of the States, towards affairs of education is not founded on the fluctuations of parties political, or the triumphs, periodical, of partisan platforms.

The three radical issues, on whose decision hangs the future of this Republic, are: First, the limit of National obligation to educate American youth for American citizenship. Second, the corresponding obligation to legislate for the moral development of the people, as illustrate in the present movement for Congressional action concerning temperance, marriage, divorce, etc. Third, the attitude of the National Government towards the vast and involved demand for the readjustment of labor from the European to the American order of affairs, including the entire questions of tariff, currency and the claims of schemes socialistic.

Such momentous questions appeal daily to the teacher. Can he or she afford to ignore these questions of stupendous import, or plead ignorance in the main?

So we come to recognize in every child the possibility of a perfect man, and faith in God is innate in every man, every child; it has only to be awakened in the right way. But it must be awakened or it remains dead! Who shall arouse the possibilities of the child? And how early should the awakening begin? Such an understanding lies only in the hands of the mother and the kindergarten.

All the occupations have been archetypes of nature. Molding in clay begins the creative period. How gladly does the child approach the threshold of art, expressing other objects of perceptive faculties, in the beauty of the yielding nature of the clay, its indestructibility—revealing the inexorableness of law—truths opposite, but not contradictory.

In the balls finding the earth and stars, ideals of perfection, in form and motion. In the cylinder the growth of trees and animals, further along the foundation of pottery and in the cube, the mineral kingdom, crystallization and architecture. The beautiful cubes of salt, octahedrons of alum, etc. Through the wonders of the microscope he can watch the snow flakes forming in geometrical progression.

Returning forever to one central point of endeavor we solve at last the truth of purpose as well as the aim and nature of life. What a grand thing it would be, if instead of spending so much money in building monuments, the modern philanthropist would imitate the envelope surprise given and opened during the Centennial, at Danvers, Mass., and find the same sentiment enclosed:

"Education—a debt due from the present to future generations," and also in the same envelope a check for \$20, for an industrial school and training kindergarten. The Danvers, (Mass.), envelope was sent by George Peabody, and the money was used to found a library and institute.

Dr. Elliot said: "The purpose and aim of education is to turn sight into insight, to put candles inside the ordinary things that are seen. It is not the accumulation of facts, but the making facts to live that is education, and this does not happen until our wills are energized. This is that trained fertility of intellect that enables men to succeed in business, that nourishes patriotism."

There is no more productive force than a high intelligence! There is no possibility of fear setting aside the actual or of missing the ideal in the daily pursuit of knowledge. There is nothing that goes so directly to the child heart as a general recognition springing up in the confidence of the teacher. The

recognition is genuine, and a sympathetic link is thus established between two natures. Most of us do not appreciate the value or friendship of the children—but friendship cost so much more than a gift it costs something of ourselves "and the gift without the giver is bare!" N. S. COX.

ROBBED THE GRAVE.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at all drug stores.

F. & C. CAR BROKEN INTO.

A freight car belonging to the F. & C. railroad, at the depot in Georgetown, was broken into on Tuesday night, and a case of shoes consigned to a Stamping Ground firm carried away. It was afterwards found in a vacant lot near the depot and the funny part of it was that the only shoes missing were not mates.

IN MEMORIAM.

There is no one that dies whose death is not felt. Some more than others, and at this time the death of John Harvey Hamilton is felt by a host of people. A bad man is missed from a community, but when a good man like John Harvey is called away, there is a void, a place made empty, that is felt and which appeals to every heart.

And yet this is not the end. If we die with the body, what are the sweet ties of wife, mother, sister, brother and friend? We should not think of our loved ones who go before us as being dead. John Harvey was a Christian and his life was only the beginning of that which follows death. He united with the Christian Church, at Bridgeport, 11 years ago and was always true to his belief. He was married to Ruth Sargent 11 years and 7 months ago and he at all times showed his devotion and love for her. He provided beautifully for her in every way and never did he deny her the smallest favor.

John Harvey was full of fun, always ready to give and take a joke, always a favorite of young men, and he had great respect for old age. He was not a man addicted to the many vices which are the cause of so much misery and suffering of some, but he attended to his own business soberly, working all the time with all his might, exerting all his powers and never shunning what he deemed his duty. His whole life was spent with a smile on his face and we know he was ushered into the presence of God smilingly. Truly his life is worthy of emulation and although it was short and we feel as if he was called too soon, let us bow our heads submissively and say "Thy will be done." W. E. P.

.. DEATHS ..

CAMPBELL—In Boulder, Col., on Monday, Mr. J. A. Campbell, aged 82 years.

Mr. Camp-bell was the father of Mrs. George Darsie, of this city.

The tenderest sympathy is felt for Mrs. Darsie in her double affliction, both husband and father having been taken this year.

BARRY—October 19, at 9 a. m., Mary Barry, widow of the late Thomas Barry and mother of James and Thomas Barry. Funeral from her late residence, 1466 High Street, Friday morning at 8:30 at St. Patrick's Church at 9 o'clock. Interment at St. Louis cemetery. Friends of the family are invited to attend.—Lou. Paper.

CRANE—At the home of his parents, in this county, on Saturday, Mr. Howard Crane, son of Mr. Jere V. Crane and wife, of consumption.

This is the sixth child these devoted parents have lost from this dread disease. They have the sympathy of a large circle of friends. The funeral and burial took place on Sunday.

CRANE—In memory of Howard Franklin Crane, who died October 14, 1904, in his sixteenth year. He had only been sick a short time and was under treatment of Dr. Taylor, a Lexington specialist. He did all that was in his power but the dear boy failed to receive relief. The death angel visited his home. He was a true Christian; an obedient child; a kind and affectionate brother, and is now on the sunny banks of "Sweet Deliverance," with his dear Savior. We should not grieve for the loss of this dear boy, for he was called home by Him who knoweth all things. The young and plucked, as well as old, to make up the shining wreath of eternal glory. Oh! what a consoling thought that, though he can not come back to us, we can go to him in the elysian fields of the paradise of God.

We miss thee from thy place; a shadow o'er our life is cast; we miss the sunshine of thy face; we miss thy kind and willing hand, thy fond and earnest care. Our home is dark without thee, we miss thee everywhere. **SISTER.**

"DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can do today," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold that which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boesche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if it dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

icating the monument erected by

died soldier, eminent educator,

The above is a query which often arises in the minds of our citizens of late. For almost a year, or probably longer, we have had a town clock in name only. So far as marking the time, it has been a dismal failure. It could not, even when running, be relied upon as

giving the correct time, and no one, who expected to go away on any train, has thought of consulting it as to the hour.

For the greater part of the time, for the last six months, it has been standing silent.

Why is this? Is it true that we have no one in our city competent to attend to the clock? If we say we have not, it is a pretty heavy blow on several clever gentlemen who are practical silversmiths and clock makers. If we admit that we have competent men, then the query comes back, why is not some one employed who can manage it?

Is it true that our City Dads are willing to let things go as they are, rather than employ some one to attend to the clock who does not

We hope that arrangements will soon be made and the "old reliable," as the clock used to be styled, put to work again. The want of correct time is a crying shame to a city the size of ours.

The Deprew-Burdette Stock Co., which has been occupying the boards at the Capital Theater this week, is one of the best, if not the very best stock companies that have exhibited in this city for a long time.

Manager McNamara is to be congratulated upon the success which has marked the engagement of this company, good audiences have marked every production and they have been delighted with the work.

The Franklin District Sunday-school Association, Auxiliary to the Franklin County Association, will hold a mass meeting and rally in the Christian church, on Friday evening, Oct. 28th. The new pastor of the Methodist Church, Rev. J. O. A. Vaughn, will speak, and Miss Nannie Lee Frayser of Louisville, State Superintendent of Primary Work, will speak on the topic: "The Child in the Midst." There will be good singing, as the children of the various schools in Franklin will be there as well as all interested workers.

On Wednesday evening, just after the west bound C. & O. train had passed the residence of Mrs. Robert Ueltschl, on the Benson Valley pike, an old blacksmith shop and an adjoining shed were found to be on fire and were consumed, together with a buggy, which was under the shed. The loss was some \$400.

The blaze was supposed to have been caused by sparks from the train, as every thing is so dry now.

WANTED—Industrious man or woman as permanent representative of big manufacturing company, to look after its business in this county and adjoining territory. Business successful and established. Salary \$20. weekly and expenses. Salary paid weekly from home office. Expense money advanced. Experience not essential. Enclose self-addressed envelope. General Manager, Como Block, Chicago. 52-8t

Mr. W. F. Moore, of the Benson Valley, is a candidate for Assessor, of this county, subject to the action of the Democratic party. Mr. Moore is a clever and reliable gentleman, and, if elected will make an efficient officer. He has jolly and popular Edgar Harris with him as his deputy.

On Saturday next, October 29, at 3 o'clock, p. m., the corner stone of the new King's Daughters Hospital, will be laid with appropriate ceremonies. It is earnestly hoped that a large and appreciative audience will be present.

The program of exercises will be given later on.

Don't forget the time and place.

"THE MAN FROM MEXICO" AND THE HOWARD-DORSET CO.

"The Man From Mexico" tells with rollicking up-to-date humor, as fresh and blithesome as the breezes that blow, of the life and adventures of one Benjamin Fitzhew, a society club man of New York City, who, through a practical joke, placed upon him by his club friends is lodged in jail, and detained for thirty days. Fitzhew being a ready speaker and possessor of a "gift of gab" and the art of story telling, rapidly made himself popular with the warden at the jail. The scenes show the awakening of Fitzhew, after being out the previous night with the boys, and the calling of the sheriff, the prison scene with Fitzhew as the unruly inmate, and the final act, his reception at his home. Mr. Howard will appear in the part of Fitzhew, and he will be assisted by Miss Flora Dorset, who will essay that of Mrs. Fitzhew, the wronged wife. It is needless to say that the house will be packed on that night, for the Howard-Dorset Company have established themselves as being the prime favorites of Frankfort.

WRITE THIS DOWN

In the book of memory: There is no such thing as a harmless cough. Every cough is a warning of a confidence that goes from bad to worse unless it is remedied right away. Opium-laden medicine is a delusion. Allen's Lung Balsam cures the worst of colds. It clears the bronchial passages, so that the lungs get plenty of air. Why not get a bottle to-day.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 vt.

WORSE EVERY YEAR.

Plenty of Frankfort Readers Have the Same Experience.

Don't neglect an aching back. It will get worse every year. Backache is really kidney ache. To cure the back you must cure the kidneys.

If you don't, other kidney ills follow—Urinary troubles, diabetes, Bright's disease. A Frankfort citizen tells you how the cure is easy.

Mrs. Mildred S. Betts, wife of C. M. Betts, carpenter, of 519 Short street, says: "My kidneys troubled me for some years off and on. I tried different remedies but without obtaining any permanent relief. The pain in my back was often very severe, especially at night, before retiring and in the morning when I would first get up. There was also a kidney weakness, distressing at all times. I read about Doan's Kidney Pills, and noticed that the symptoms they cured were just like mine. Willing to try almost anything to get relief, I went to J. W. Gayle's drug store and got a box. I took them as directed and soon noticed the difference in my condition. The sharp pains and the aching disappeared, and the other complaints were banished. Doan's Kidney Pills act like magic, and the relief they give is lasting."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ONE OF MANY.

H. A. Tisdale, of Summertown, S. C., suffered for twenty years with the Piles. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many, many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ringworm, skin diseases, etc. Sold by J. W. Gayle.

STAMPING GROUND.

Dr. E. H. Black, now 85 years of age, and unusually vigorous for a man of his years, is visiting relatives here and attending the protracted meeting of the Baptist church. Dr. Black now resides in Louisville, with his daughter, Mrs. Jas. A. Hodges.

The protracted meeting, which is now in progress at the Baptist Church, is growing in interest. Up to this writing there have been seven additions to the church. Rev. G. W. Arzabrite, the singing evangelist, of Georgetown, is assisting Pastor Hill.

Squire J. S. Lindsey and Mr. Geo. E. Wilkerson are both on the sick list.

Mrs. Lida Adams and Miss Lizzie Sparks have gone to St. Louis to attend the World's Fair.

Mr. Leo Penn and Miss Jessie Hockensmith, of Peaks Mill, are guests of Mr. A. M. Duvall.

The long drought is still unbroken, and our farmers and others are compelled to haul water for man and beast.

Spring never known to fail before are running dry.

Farmers are feeding their stock already. UNO.

A LITTLE LOSS.

Of flesh and strength, little barking, obstinate cough and a little pain in the chest may not mean galloping consumption, but they are signs that prudence will not neglect. A few doses of Allen's Lung Balsam cause a free discharge of mucus and so loosens the cough. It heals the inflamed air passages and all its beneficent work is accomplished without a grain of opium.

CLEVER FELLOW.

Mr. David Kirkpatrick, the capable and popular chef, is now employed at the Elks Cafe, where he requests his friends to call. He assures them that they will find all the delicacies of the season served in the best style. Dave is a clever young fellow and thoroughly understands his business.

MAKES A CLEAN SWEEP.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Ulcers, Skin Eruptions and Piles. It's only 25c, and guaranteed to give satisfaction by all druggists.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. There is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.
